SAFEGUARDING POLICY

Over Arching Statement

“Because of their day to day contact with individual children during the school terms, teachers and other school staff are particularly well placed to observe the outward signs of abuse, changes in behaviour or failure to develop.”

Iqra Academy fully recognises its responsibilities for child protection.

Our policy applies to all staff, governors and volunteers working in the academy. There are five main elements to our policy:

- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse.
- Supporting pupils who have been abused in accordance with his/her agreed child protection plan.
- Establishing a safe environment in which children can learn and develop

Child protection is the responsibility of all academy staff. Iqra will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to.
- Ensure children know that there are adults in the academy whom they can approach if they are worried.
- Include opportunities in the PSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse.

Roles and Responsibilities

All adults working with or on behalf of children have a responsibility to protect them. There are, however, key people within schools, Education Bradford and the Local Authority who have specific responsibilities under child protection procedures. The names of those carrying out these responsibilities for the current year are listed on the cover sheet of this document.

It is the role of the Governing Body and the academy leadership team to ensure that the Named Persons for Child Protection are properly supported to carry out this task and that they are given time to fulfil the duties that their role demands.

The academy leadership team will ensure that Named Persons for Child Protection attend the required training and that they refresh their training every two years.

All other staff and the nominated governor, whose name can be found on the academy website, must be offered an appropriate level of training and must undergo refresher training every three years.
It is the role of the Named Persons for Child Protection to ensure that the child protection procedures are followed within the academy, and to make appropriate, timely referrals to Children's Social Care in accordance with the locally agreed procedures. Additionally, it is the role of the Named Persons for Child Protection to ensure all staff employed including temporary staff and volunteers within the academy are aware of the academy’s internal procedures, to advise staff and to offer support to those requiring this.

The role of the Nominated Governor for Child Protection is to ensure that the academy has an effective policy that locally agreed procedures are in place, and that the policy and structures supporting Safeguarding children are reviewed annually. Governors must not be given details relating to individual child protection cases or situations to ensure confidentiality is not breached.

Parents can obtain a copy of the academy Child Protection Policy on request.

The Governing Body and academy leadership team are responsible for ensuring that the academy follows safer recruitment processes, including:

- Ensuring the Principal, other staff responsible for recruitment and one member of the Governing Body completes safer recruitment training.
- Ensuring the upkeep of a Single Central Record of all staff and regular volunteers in accordance with government guidance

The Named Persons for Child Protection and the Principal provide an annual report for the governing body detailing any changes to the policy and procedures; training undertaken by all staff and governors and other relevant issues.

**Ethos**

Iqra Academy recognises the importance of creating an ethos within the academy that will help children feel safe and confident that they will be listened to.

We recognise that children who are abused or witness violence are likely to have low self-esteem and may find it difficult to develop a sense of self worth. They may feel helplessness, humiliation and some sense of blame. Our academy may be the only stable, secure and predictable element in their lives.

Iqra Academy will endeavour to support all pupils through:

- Ensuring the content of the curriculum includes social and emotional aspects of learning.
- Ensuring that child protection is included in the curriculum to help children recognise when they don’t feel safe and to identify who they should tell.
- Promoting a positive, supportive and secure environment where pupils can develop a sense of being valued.
- The academy behaviour policy which is aimed at supporting vulnerable pupils in the academy.
- The academy will ensure that the pupil knows that some behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred.
Safe Working Practice
Iqra Academy has developed a clear code of practice that staffs understand and agreed to.

The code of practice offers guidance to staff on the way they should behave when working with children. The ‘Safeguarding Staff and Pupils - Staff Code of Conduct’ should be read in conjunction with this policy.

Child Protection Procedures
Iqra Academy adheres to child protection procedures that have been agreed locally through the Local Children’s Safeguarding Board.

A flowchart which is part of the school’s Child Protection Policy shows the procedures to follow when a member of staff suspects that a child may be being abused.

Confidentiality
All staff are aware that they must not promise to keep, ‘secrets’ with children and that if children disclose abuse this must be passed on to the Named Persons for Child Protection as soon as possible and the child should be told who their disclosure will be shared with. Staff will be informed of relevant information in respect of individual cases regarding child protection on a "need to know basis” only.

Record Keeping
Child Protection records are kept centrally and securely by the Named Persons for Child Protection. Staff are aware that they must make a record of child protection issues and events as soon as possible and that these records must be signed and dated. Child protection records must not be made in the child’s curriculum file.

Working with other agencies
Academies are not investigating agencies and it essential that child protection issues are addressed through agreed procedures however academies continue to play a role after referral and need to develop strong links with partner agencies particularly social care. We recognise the importance of multi agency working and will ensure that staff is able to attend all relevant meetings including case conferences, core groups and strategy meetings.

Allegations against members of staff
Iqra Academy recognises that it is possible for staff and volunteers to behave in a manner that causes harm to children and takes any allegation made against members of staff or volunteers seriously. The local arrangements for managing allegations are understood and followed. All staff know who to talk to if they are concerned about the behaviour of an adult. Please refer to the academy’s Whistleblowing Policy for further information.

The use of academy premises by other organisations
Where services or activities are provided separately by another body, using the academy premises, the Governing Body will seek assurance that the body concerned has appropriate policies and procedures in place in regard to Safeguarding children and child protection.

Cross reference to other academy policies
We recognises that a number of other policies and procedures developed and operated by the academy form part of the wider agenda of Safeguarding and Promoting Children’s Welfare and this policy should be read in conjunction with the policies listed below:
• Whole School Anti Bullying Policy
• Health and Safety Policy
• Safer Recruitment Policies and Practice
• Safeguarding Staff and Pupils – Staff Code of Conduct
• Policies that recognise specific vulnerable groups (SEN, Inclusion Policies)

Policy Review
The Governing Body is responsible for ensuring the annual review of this policy and that the list of key contacts on the cover sheet is kept up to date.
