

Times Table Challenge

By the end of year 3 children should have instant recall of multiplication and division facts for the 2, 5, 10, 3, 4 and 8 times tables. This means that they should be able to answer a question for any of these times tables without using their fingers!

To support our children with this we are introducing the times table challenge! Every week the children will have a times table to learn, they need to practice these at home ready for a test on a Monday. If the children can answer 10 questions in 1 minute they will receive a prize and the next set to learn. If they do not answer all 10 correctly they will be asked to practise the same times tables again ready for the next week.

There are lots of useful websites which can be accessed at home for the children to practice. A few are listed below:

<https://www.topmarks.co.uk/maths-games/7-11-years/times-tables>

<http://www.bbc.co.uk/skillswise/game/ma13tabl-game-tables-grid-find>

http://www.mad4maths.com/multiplication_table_math_games/

Children could also use their knowledge of doubling and halving to help them learn their tables. As times table tests will become statutory from next year this is a good opportunity for your child to get prepared early.

Please encourage your child to practice their times tables daily.

We will learn times tables in the following order

X10, x2, x5, ÷ 10, ÷ 2, ÷5

X3, x4, x8, ÷3, ÷4, ÷8

Thank you for your support

The year 3 team

My Multiplication Tables 1-12

1	2	3	4	5	6	7	8	9	10	11	12
$1 \times 0 = 0$	$2 \times 0 = 0$	$3 \times 0 = 0$	$4 \times 0 = 0$	$5 \times 0 = 0$	$6 \times 0 = 0$	$7 \times 0 = 0$	$8 \times 0 = 0$	$9 \times 0 = 0$	$10 \times 0 = 0$	$11 \times 0 = 0$	$12 \times 0 = 0$
$1 \times 1 = 1$	$2 \times 1 = 2$	$3 \times 1 = 3$	$4 \times 1 = 4$	$5 \times 1 = 5$	$6 \times 1 = 6$	$7 \times 1 = 7$	$8 \times 1 = 8$	$9 \times 1 = 9$	$10 \times 1 = 10$	$11 \times 1 = 11$	$12 \times 1 = 12$
$1 \times 2 = 2$	$2 \times 2 = 4$	$3 \times 2 = 6$	$4 \times 2 = 8$	$5 \times 2 = 10$	$6 \times 2 = 12$	$7 \times 2 = 14$	$8 \times 2 = 16$	$9 \times 2 = 18$	$10 \times 2 = 20$	$11 \times 2 = 22$	$12 \times 2 = 24$
$1 \times 3 = 3$	$2 \times 3 = 6$	$3 \times 3 = 9$	$4 \times 3 = 12$	$5 \times 3 = 15$	$6 \times 3 = 18$	$7 \times 3 = 21$	$8 \times 3 = 24$	$9 \times 3 = 27$	$10 \times 3 = 30$	$11 \times 3 = 33$	$12 \times 3 = 36$
$1 \times 4 = 4$	$2 \times 4 = 8$	$3 \times 4 = 12$	$4 \times 4 = 16$	$5 \times 4 = 20$	$6 \times 4 = 24$	$7 \times 4 = 28$	$8 \times 4 = 32$	$9 \times 4 = 36$	$10 \times 4 = 40$	$11 \times 4 = 44$	$12 \times 4 = 48$
