

Possibilities	Independent Learning	Fresh Experiences	Social, Spiritual, Moral, Emotional and Cultural Learning.
Children learn about War veterans and how historical artefacts give us so much information about Pre-History. We will have the opportunity to spend the day using drama to re-enact life as a life of war child.	Children to have the opportunity to engage in homework projects to create models of Guy Fawkes and a Cenotaph which we will display in our classrooms.	Children to engage in food tasting activities where they will taste and learn about foods that were eaten and rationed in the war. We will also look at making different foods that they would have made back then.	Children to understand how it felt to be a war veteran/ war child. Children to understand how Guy Fawkes may have felt and why he did what he did? Who is significant during this time? What did they do? What did they eat?
